

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

ORNITHOLOGIST & AND & BOTANIST.

The new monthly magazine, devoted to birds and flowers.

PUBLISHED BY JOSEPH E. BLAIN,

BINGHAMTON, N. Y.

The magazine is under the editorial management of Willard N. Clute and has already achieved a remarkable success. The foremost of the rising generation of scientists, are contributors to its columns and the articles, although strictly scientific, are so clear and interesting, that they are valuable to both beginners and advanced students. Among other things, each month, the magazine contains the latest news in its chosen field, Editorials, a Correspondence Column, etc. and to crown all, it is printed on the best paper, eight pages and cover.

Subscription price thirty-five cents a year; twenty cents for six months. Send stamp for sample copy.
